IN MEMORIAM

On January eighth our good member, William N. Cutler, passed to his reward. "Bill" as he was affectionally known throughout the American Hibiscus Society, was a charter member of the Sunset Chapter, and had held many positions in the organization in the fields of Nomenclature, Nominating, and as Chairman of the Seed Bank.

Before the 1962 freeze Bill's garden contained one of the largest collections of Hibiscus varieties in the state.

We shall all miss his gentle smile and friendly hand-shake. "So Long Bill."

On January 9th Tony Kuhn passed from our midst. Tony had worked with hibiscus for 20 years or more, and he loved them. Most of us will remember Tony proudly showing visitors through his "Floton's" nursery in Miami. We will miss him very much.

He has left with us a wonderful heritage in the many beautiful hibiscus he produced over the years. As time passes he will still be with us through them.

We now must bid him a fond farewell with heavy hearts but proud and happy in the knowledge that he personally had the one final, perfect touch he looked for in all his hibiscus - Finesse.
